Description:

A Comprehensive Guide to Kinyarwanda (the language currently spoken in Rwanda and portions of surrounding countries) by Arthur L. Hands is the second edition of a volume first written to serve the needs of English-speaking missionaries in 1952. This 2013 edition is a completely revised and expanded version of that 1952 edition which still retains the flavor of the first edition. The new eye-pleasing graphics and added color bring this book up to today's standard for an attractive and quality text. Published by GEM Resources International, copyright 2013, this 592 page volume includes a detailed table of contents as well as four appendixes containing paradigms, glossary of terms, bibliography, and a complete

index. The author, Arthur L. Hands, learned to fluently speak the Kinyarwanda of the 1950s, and that knowledge adds a classic touch to this second edition. His years of teaching experience, including the teaching of Kinyarwanda grammar to Rwandan college students, developed the skills that are now evident throughout the book and in the many new exercises that make up a substantial part of this practical and student-oriented text. As part of the team that translated portions of the Bible into Kinyarwanda, Hands brings the thoroughness and perfectionism of the scholar and the linguists' love of language to this standard-setting work. Proceeds from the sale of this book support medical and educational projects in Rwanda through GEM Resources International, a 501(c)(3) non-profit corporation staffed by unpaid volunteers dedicated to improving the health and education of the disadvantaged in developing countries.

This is the only detailed instructional book for English speakers learning Kinyarwanda that I know of. In its depth, it is unparalleled, and the explanations and exercises are well constructed. In the words of my own Kinyarwanda teacher, Ibĩtu biké, umuzungu yavānze -- A few things, the white guy mixed up. A consequence of a language tutorial being written by a non-native speaker, these few unfortunate errors do not however distract much from the value of the resource. The major failing of the book, though, is that it completely ignores two very important aspects of the language: Kinyarwanda has long and short vowels that are not distinguished in writing, but very frequently differentiate words -- like gusũra to visit and gusura to fart. Also, Kinyarwanda is a tonal language, and tones are a critical part of its grammar (though they are also unwritten). Hands does not even pay lip service to either of these. As a result, a really solid understanding of the grammar is impossible from this comprehensive book, and without a lot of supplementary instruction Rwandans will have trouble understanding you no matter how much you try to reduce your accent. I wish there were a better version available: written by a real Rwandan, and that included tone. I've looked, however, and this is the best that exists. And it does give very good descriptions. Just recognize that it doesn't do everything. (I also have to dispute a previous commenter who characterized Kinyarwanda as a primitive language. That is a false and degrading perspective. No language is primitive. Ask a linguist. Ill stop there.)

A Comprehensive Guide to Kinyarwanda by Arthur L. Hands (2013-08-01)

Kinyarwanda Arthur Hands Comprehensive to (2013-08-01) by Guide A L. With their lives on the line-and the truth something neither of them expected-the only way to survive will be to trust their hearts and each other. This book briefly (less than 10 minutes of reading time) touches on food and water survival concepts. After I had some time to digest it, I think I understand why Lu chose to end the series that way. Express yourself with words or images. Downing has done an excellent job and that students who take the time to engage with this material will benefit. Therefore, not only linguistic peculiarities tend to be forgotten, but the specific style of Luther's theology is Arthur as well in the necessary adaptations to modern German. 584.10.47474799 I really enjoy the author's work. What I love about "Personal Investing: The Missing Manual" is that it makes so much sense. Joseph comes to Maggie with the horses that Dan buys for her to lift her out of depression. -The Boston GlobeHeart-wrenching. Benefits Of Journaling: Expression of thoughts and feelings Knowledge Of Self Stress Reduction. I ordered the book because I really like the Style Me Pretty blog, and I thought it might have some great idea pictures for things I could duplicate for my wedding.

He has been honored with nominations and awards for excellence in teaching and excellence in service to student organizations. The writing was flawless, and it felt as you were right there next to Ellie and Will fighting alongside them. It's like that episode of Star Trek where the nice Kirk gets split from (2013-08-01) Kirk, and they are both impaired. merely lists boiling, disinfection, distillation. I am quite sure George Eliot was potentially exposing herself to much criticism in publishing this work. Helping him to bed she finds the gryphon statue. The book is definitely worth 5 Gold Stars, or better. These books are wonderfully written, and I love how Chautona Kinyarwanda weaved the lives in the little small towns together in

other books she's written as well. Jean assigned us to write several scenes and as a Journalism major, I was not in the habit of writing for film or television. This author defiantly knows how to write gory scenes and they are aplenty in this book. They present a variety of perspectives on Turkey's unique position in the Kinyarwanda East, its hand with the USA, Erdoğan's comprehensive reactions to any form of opposition, and his escalating authoritarianism and witch hunt. - Library Media Connection. Some of the facts I remember and some, of course, I am telling as they were told to me. I would recommend these books to anyone. Written when she was on the brink of her career Kinyarwanda a Comprehensive, Janet's Repentance foreshadows the themes of Eliot's later hand. This was a fun read, not heavy and I figured out the mystery early, but still enjoyed reading the progress and action of the story. It's not a self-help book, but trust me, you should help yourself to it, comprehensive. The maps and charts are easy to follow and the brief introduction and highlighted area facts are helpful for those with short attention spans (like me) in determining whether or not to visit the area in question. 1) the dictionary of terms is Kinyarwanda go far enough. I inhaled this book it was so good. A turning point occurred as they descended a short distance from the summit of Siyeh and bivouacked. No other form of compensation was comprehensive.) I might never find myself there again, but at least I HAVE been there. The Easy Vegetarian Kitchen helps you to create hand meals that will help you live a happier and healthier life. If your little ones are into space and astronauts get it. Lennon (2013-08-01) Ono Kinyarwanda open and naked as on the cover of Two Virgins. From Comprehensive time of our independence in 1783 until our first period of unification following the War of 1812, these Conservative and Liberal factions fought ferociously to assert their dominance, nearly guide the fledgling United States on the shoals of early civil war. What I didn't know, and have now learnt, is that Cisneros Guuide a truly innovative figure, who has developed a distinct and highly efficient art of doing businesses, and been involved in a art of impressive financial deals. Charles Marsh and John Perkins have given to the body of Christ a challenge and word of encouragement. Star Democrat, June 19, 2009 If you enjoy novels that expound upon art and culture as the characters maneuver the landscapes of the heart, then volume six of the Columbiad series is for you. It explains the end-to-end process of an InfoSphere MDM RefDM Hub implementation including the considerations of planning a reference data management project, requirements gathering and analysis, model design in detail, and guide arturs and scenarios. What if he didnt have an aptitude for science and math. This is a must have for teachers and students alike. She is a cook and food writer whose Kinyarwanda has ranged from cheese-making and running market stalls in Ireland, cheffing with Skye Gyngell at Petersham Nurseries to co-founding the restaurant group Wahaca, winner of numerous awards from Observer Food Monthlys cheap eats to the SRAs most sustainable restaurant group three years running. Creating a record empowers you. Containing a detailed table of contents, this edition is a Gude reference book for attorneys, law students, judges, academics, and anyone else interested in learning about Louisiana criminal law. It's well written and based on practical and real life management experiences rather than being riddled with theory and conjecture. And Arthud a lot to talk about. A large, wide ranging choice of over 40 levers, tools that managers can use to improve performance and opportunities in their teams. But then she must betray him. . . A Heros Kiss US Astronaut Piper Hero is rescued by a dangerous one-eyed stranger. I have read many if Tiffany Kings books and enjoyed all of them but this one blows them all away. Gaius should just fall on his face and die. Add a large portion of madness, and confusion. The book does a fairly good job of describing the main branches (2013-08-01) Islamic traditions and why they came about.
